SUMMARY

Highly motivated Fullstack Web Developer specializing in frontend architecture, with a proven track record of shipping scalable, production-ready web applications. Currently delivering digital solutions for the Serang City Government and as a Fullstack & App Developer at Blue Soft IoT (Malaysia) using Next.js, React, TypeScript and Flutter. Passionate about clean, maintainable code and pixel-perfect, high-performance interfaces. POSN Informatics Gold Medalist.

PROFESSIONAL EXPERIENCE

Fullstack Web & App Developer

Apr 2026 – Present

Blue Soft IoT Sdn Bhd — Selangor, Malaysia

- Build company-profile sites and internal tools for PHH (steel industry, Malaysia & Indonesia) and Blue Soft (IoT & software).
- Engineered PHH Inventory, a web app for steel-cutting and inventory management (React, Vite, TypeScript, Tailwind CSS).
- Developed HRM App, a cross-platform employee-management app (attendance, permits, contracts) with Flutter.

Web Developer

Aug 2025 – May 2026

KPU Kota Serang — Serang, Indonesia

- Built the e-Office staff portal for the Serang Election Commission (KPU) — a digital official-travel (SPPD) system.
- Developed Create Travel Order (SPD), Assignment Letter (SPT), Confirmation, Receipt, and Travel Report features to streamline travel administration.

Fullstack Web Developer

Aug 2025 – May 2026

Pemerintah Kota Serang (Serang City Government) — Serang, Indonesia

- Led the development and technical upgrade of the official Serang City Government website (Next.js, TypeScript).
- Built the Mayor of Serang's personal website, optimizing performance and user-centric features.

Web Developer

Aug 2025 – May 2026

Kementerian Agama Kota Lebak — Lebak, Indonesia

- Built "Selaras", a digital ta'aruf platform ("Match Online, Meet Offline, With Ustadz") at the suggestion of the head of Kemenag Lebak.
- Designed the registration, matching, and pre-marriage class flows with ustadz guidance.

IT Trainer (Volunteer)

2025

SMA Mekar Harum & SMK 1 Cimahi — Bandung, Indonesia

- Empowered students with foundational technical skills and digital literacy.
- Designed and delivered an interactive intro-to-web-programming syllabus (HTML, CSS, JavaScript).

SELECTED PROJECTS

Akapack POS — Point-of-sale & retail management app for SMEs — Next.js, Supabase, TanStack, Tailwind.

Akapack Website — Company website — Next.js, Supabase, Tailwind CSS.
